**PURPOSE /JUSTIFICATION OF RECOMMENDED ACTION:**

The purpose of the recommended action is to enter into contracts to retain the services of eight consulting firms to provide asbestos and/or lead consulting services for the development and/or rehabilitation of affordable housing, commercial and other facilities benefiting the County of Los Angeles.

**FISCAL IMPACT TO THE COUNTY/ FINANCING:**

There is no impact on the County general fund.

The Commission will use a maximum aggregate amount of \$745,000, to be incorporated into the Commission's approved 2007-2008 Fiscal Year budget, for the first year of services under the Agreements. A 10% contingency in the maximum aggregate amount of \$74,500 is also being set-aside for unforeseen costs and projects, to be incorporated into the Commission's approved 2007-2008 Fiscal Year budget as needed. After the first year, the Commission may extend the Agreements for up to two additional years, in one-year increments, contingent upon the availability of funds.

The Housing Authority Agreements will parallel the Commission Agreements and will use a maximum aggregate amount of \$80,000, to be incorporated into the Housing Authority's approved 2007-2008 Fiscal Year budget, for the first year of services under the Agreements. A 10% contingency in the maximum aggregate amount of \$8,000 is also being set-aside for unforeseen costs and projects, to be incorporated into the Housing Authority's approved 2007-2008 Fiscal Year budget as needed. After the first year, the Housing Authority may extend the Agreements for up to two additional years, in one-year increments, contingent upon the availability of funds.

**FACTS AND PROVISIONS/LEGAL REQUIREMENTS:**

The Asbestos Hazard Emergency Response Act, the National Emissions Standards for Hazardous Air Pollutants and the South Coast Air Quality Management District have established regulatory requirements for the testing and abatement of asbestos. The U.S. Department of Housing and Urban Development (HUD) has established requirements for the reduction of lead-based hazards in federally assisted projects. In

addition, the Toxic Substances Control Act, the federal Occupational Health and Safety Administration, the California Code of Regulations, and the California Environmental Protection agency have established regulatory requirements for the testing and abatement of lead.

The proposed Agreements define the asbestos consulting services to be performed by the eight consulting firms identified in Attachment A. Over the initial one-year term, as required during the development and/or rehabilitation of affordable housing, commercial and other facilities, the firms will conduct the following activities: asbestos surveys; project design and monitoring (including review of construction contract documents, plans and specifications); limited (component-specific) sampling; abatement feasibility studies; pre-abatement (baseline) testing; cost estimates; on-site abatement monitoring during construction; clearance testing; and waste handling and disposal.

The proposed Agreements also define the lead consulting services to be performed by the eight consulting firms identified in Attachment A. Over the initial one-year term, as required during the development and/or rehabilitation of affordable housing, commercial and other facilities, the consulting firms will conduct the following activities: lead-based paint inspections; risk assessments; hazard assessments; limited sampling (component-specific); soil sampling; pre-abatement (baseline) testing; abatement project design and monitoring activities (including review of construction contract documents, plans and specifications); cost estimates; and clearance testing.

The one-year Agreements may be amended to incorporate specific sites and detailed statements of work for each project. The Agreements may also be amended to extend the time of performance for a maximum of two years, in one-year increments, and to include additional projects and compensation.

The consulting firms will be assigned projects on a project-by-project, as-needed basis and will receive compensation based on the statement of services performed. The addition of projects to each Agreement will be determined based on site needs, qualifications of the consulting firm in the various aspects of the testing process, and the complexity of the assignment. Each firm's cost of services will not exceed the costs accepted on the Cost Sheet submitted with its proposal in response to the Request for Proposals, or the negotiated dollar amount for individual asbestos or lead assignments or work programs.

On January 23, 2008, the Housing Commission recommended approval of the Agreements.

County Counsel has reviewed this letter, and the Agreements will be effective following execution by all parties.

Should any of the consulting firms identified in Attachment A require additional or replacement personnel during the term of the Agreements, they will give consideration for any such employment openings to participants in the County's Department of Public

Social Services' Greater Avenues for Independence (GAIN) Program and General Relief Opportunity for Work (GROW) Program who meet the minimum qualifications for the open positions. The consulting firms will contact the County's GAIN/GROW Division for a list of participants by job category.

The attached form of Asbestos/Lead consulting services Agreement will be effective following approval as to form by County Counsel and execution by all parties.

**ENVIRONMENTAL DOCUMENTATION:**

This action is exempt from the provisions of the National Environmental Policy Act pursuant to 24 Code of Federal Regulations, Part 58, Section 58.34 (a)(3) because it involves administrative activities that will not have a physical impact or result in any physical changes to the environment. This action is not subject to the provisions of CEQA pursuant to State CEQA Guidelines Sections 15060(c)(3) and 15378, because it is not defined as a project under CEQA and does not have the potential for causing a significant effect on the environment.

**CONTRACTING PROCESS:**

On September 27, 2007, a joint Request for Proposals (RFP) announcement was mailed to 467 consulting firms identified from the Commission's vendor list to identify firms to provide asbestos and/or lead consulting services. The announcement appeared in ten local newspapers covering each geographical region of the County. The RFP was released on October 2, 2007, and was posted on both the County and the Commission websites. Twenty-seven RFP packages were downloaded from the Commission's website, and 17 RFP packages were distributed electronically in response to e-mail requests for the RFP.

Thirteen proposals were received by the October 22, 2007 deadline.

The Summary of Outreach Activities is provided as Attachment B.

**IMPACT ON CURRENT PROGRAMS:**

It is the policy of the Commission/Housing Authority, Housing Authority, and County to conduct business only with responsible contractors.
- B. The Contractor is hereby notified that if the Commission/Housing Authority acquires information concerning the performance of the Contractor on this or other contracts which indicates that the Contractor is not responsible, the Commission/Housing Authority may, in addition to other remedies provided in the contract, debar the Contractor from bidding or proposing on, or being awarded, and/or performing work on Commission/Housing Authority contracts for a specified period of time, which generally will not to exceed five years but may exceed five years or be permanent if warranted by circumstances, and terminate any or all existing contracts the Contractor may have with the Commission/Housing Authority.
- C. - E. The Contractor Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. The Contractor and/or the Contractor's representative shall be given an opportunity to submit evidence at that hearing. After the hearing, the Contractor Hearing Board shall prepare a tentative proposed decision, which shall contain a recommendation regarding whether the Contractor should be debarred, and, if so, the appropriate length of time of the debarment. The Contractor and the Commission/Housing Authority shall be provided an opportunity to object to the tentative proposed decision prior to its presentation to the Board of Commissioners.
- F. The Contractor Hearing Board's proposed decision shall contain a recommendation on the request to reduce the period of debarment or terminate the debarment. The Contractor Hearing Board shall present its proposed decision and recommendation to the Board of Commissioners. The Board of Commissioners shall have the right to modify, deny or adopt the proposed decision and recommendation of the Contractor Hearing Board.

If Contractor uses any subcontractor to perform services for the County under the Contract, the subcontractor shall also be subject to the provisions of this Section. The provisions of this Section shall be inserted into any such subcontract Contract and a copy of the Jury Service Program shall be attached to the Contract.

- C. If the Contractor is not required to comply with the Jury Service Program when the Contract commences, Contractor shall have a continuing obligation to review the applicability of its "exception status" from the Jury Service Program, and Contractor shall immediately notify County if Contractor at any time either comes within the Jury Service Program's definition of "Contractor" or if Contractor no longer qualifies for an exception to the Program. In either event, Contractor shall immediately implement a written policy consistent with the Jury Service Program. The County may also require, at any time during the Contract and at its sole discretion, that Contractor demonstrate to the County's satisfaction that Contractor either continues to remain outside of the Jury Service Program's definition of "Contractor" and/or that Contractor continues to qualify for an exception to the Program.
- D. The Contractor's violation of this Section of the contract may constitute a material breach of the Contract. ## **BACKGROUND AND RESOURCES: CALIFORNIA CHARITIES REGULATION**

There is a keen public interest in preventing misuse of charitable contributions. California's "Supervision of Trustees and Fundraisers for Charitable Purposes Act" regulates those raising and receiving charitable contributions. The "Nonprofit Integrity Act of 2004" (SB 1262, Chapter 919) tightened Charitable Purposes Act requirements for charitable organization administration and fundraising.

The Charitable Purposes Act rules cover California public benefit corporations, unincorporated associations, and trustee entities. They may include similar foreign corporations doing business or holding property in California. Generally, an organization is subject to the registration and reporting requirements of the Charitable Purposes Act if it is a California nonprofit public benefit corporation or is tax exempt under Internal Revenue Code § 501(c)(3), and not exempt from reporting under Government Code § 12583. Most educational institutions, hospitals, cemeteries, and religious organizations are exempt from Supervision of Trustees Act requirements.

Key new Charitable Purposes Act requirements affect executive compensation, fundraising practices and documentation. Charities with over \$2 million of revenues (excluding grants and service-contract funds a governmental entity requires to be accounted for) have new audit requirements. Charities required to have audits must also establish an audit committee whose members have no material financial interest in any entity doing business with the charity.

Organizations or persons that receive or raise charitable contributions are likely to be subject to the Charitable Purposes Act. A bidder/proposer on Commission/Housing Authority and/or Housing Authority contracts must determine if it is subject to the Charitable Purposes Act and certify either that:

- It is not presently subject to the Act, but will comply if later activities make it subject, or,
- If subject, it is currently in compliance.

## **RESOURCES**

The following resource references are offered to assist bidders/proposers who engage in charitable contributions activities, however, each bidder/proposer is responsible to research and determine its own legal obligations and properly complete the Charitable Contributions Certification form.

In California, supervision of charities is the responsibility of the Attorney General, whose website, <http://caag.state.ca.us/>, contains much information helpful to regulated charitable organizations.

### **1. LAWS AFFECTING NONPROFITS**

The "Supervision of Trustees and Fundraisers for Charitable Purposes Act" is found at California Government Code §§ 12580 through 12599.7. Implementing regulations are found at Title 11, California Code of Regulations, §§ 300 through 312. In California, charitable solicitations ("advertising") are governed by Business & Professions Code §§ 17510 through 17510.95. Regulation of nonprofit corporations is found at Title 11, California Code of Regulations, §§ 999.1 through 999.5. (Amended regulations are pending.) Links to all of these rules are at: <http://caag.state.ca.us/charities/statutes.htm>.

### **2. SUPPORT FOR NONPROFIT ORGANIZATIONS**

**Have You Told Your Employees About the  
Federal Income Tax Credit (FIC)?**

### **What is the Safely Surrendered Baby Law?**

California's Safely Surrendered Baby Law allows parents to give up their baby confidentially. As long as the baby has not been abused or neglected, parents may give up their newborn without fear of arrest or prosecution.

### **How does it work?**

A distressed parent who is unable or unwilling to care for a baby can legally, confidentially and safely give up a baby within three days of birth. The baby must be handed to an employee at a Los Angeles County emergency room or fire station. As long as the child shows no signs of abuse or neglect, no name or other information is required. In case the parent changes his or her mind at a later date and wants the baby back, workers will use bracelets to help connect them to each other. One bracelet will be placed on the baby, and a matching bracelet will be given to the parent.

### **What if a parent wants the baby back?**

Parents who change their minds can begin the process of reclaiming their newborns within 14 days. These parents should call the Los Angeles County Department of Children and Family Services at 1-800-540-4000.

### **Can only a parent bring in the baby?**

In most cases, a parent will bring in the baby. The law allows other people to bring in the baby if they have legal custody.

### **Does the parent have to call before bringing in the baby?**

No. A parent can bring in a baby anytime, 24 hours a day, 7 days a week so long as the parent gives the baby to someone who works at the hospital or fire station.

### **Does a parent have to tell anything to the people taking the baby?**

No. However, hospital personnel will ask the parent to fill out a questionnaire designed to gather important medical history information, which is very useful in caring for the child. Although encouraged, filling out the questionnaire is not required.

### **What happens to the baby?**

The baby will be examined and given medical treatment, if needed. Then the baby will be placed in a pre-adoptive home.

### **What happens to the parent?**

Once the parent(s) has safely turned over the baby, they are free to go.

### **Why is California doing this?**

The purpose of the Safely Surrendered Baby Law is to protect babies from being abandoned by their parents and potentially being hurt or killed. You may have heard tragic stories of babies left in dumpsters or public bathrooms. The parents who committed these acts may have been under severe emotional distress. The mothers may have hidden their pregnancies, fearful of what would happen if their families found out. Because they were afraid and had nowhere to turn for help, they abandoned their infants. Abandoning a baby puts the child in extreme danger. It is also illegal. Too often, it results in the baby's death. Because of the Safely Surrendered Baby Law, this tragedy doesn't ever have to happen in California again.

### **A baby's story**

At 8:30 a.m. on Thursday, July 25, 2002, a healthy newborn baby was brought to St. Bernardine Medical Center in San Bernardino under the provisions of the California Safely Surrendered Baby Law. As the law states, the baby's mother did not have to identify herself. When the baby was brought to the emergency room, he was examined by a pediatrician, who determined that the baby was healthy and doing fine. He was placed with a loving family while the adoption process was started.

### ¿Qué es la Ley de Entrega de Bebés Sin Peligro?

La Ley de Entrega de Bebés Sin Peligro de California permite a los padres entregar a su recién nacido confidencialmente, siempre que el bebé no haya sufrido abuso ni negligencia, y los padres pueden entregar a su recién nacido sin temor a ser juzgados o procesados.

### ¿Cómo funciona?

Si los padres/madre con dificultades que no pueda o no quiera cuidar a su recién nacido puede entregarlo en forma legal, confidencial y segura, dentro de los tres días del nacimiento. El bebé debe ser entregado a un empleado de una sala de emergencias o de un cuartel de bomberos del Condado de Los Angeles. Siempre que el bebé no presente signos de abuso o negligencia, no será necesario suministrar nombres ni información alguna. Si el padre/madre cambia de opinión posteriormente y desea recuperar al bebé, los trabajadores utilizarán brazaletes para poder localizarlos. El bebé llevará un brazalete y el padre/madre recibirá un brazalete igual.

### ¿Qué pasa si el padre/madre desea recuperar al bebé?

Los padres que cambien de opinión pueden empezar el proceso de buscar a su recién nacido dentro de los 14 días. Estos padres podrán llamar al Departamento de Servicios para Niños y Familias (Department of Children and Family Services) del Condado de Los Angeles, al 1-800-540-4000.

### ¿O los padres podrán llevar al recién nacido?

En la mayoría de los casos, los padres son los que llevan al bebé. La ley permite que otras personas lleven al bebé si tienen custodia legal del menor.

### ¿Los padres deben llamar antes de llevar al bebé?

El padre/madre puede llevar a su bebé en cualquier momento, las 24 horas del día, los 7 días de la semana, siempre que entregue a su bebé a un empleado del hospital o un cuartel de bomberos.

### ¿Es necesario que el padre/madre diga algo a las personas que reciben al bebé?

Sin embargo, el personal del hospital le pedirá que llene un cuestionario con la finalidad de recabar antecedentes médicos relevantes, que resultan de gran utilidad para los cuidados que recibirá el bebé. Es recomendado llenar este cuestionario, pero no es obligatorio hacerlo.

### ¿Qué ocurrirá con el bebé?

El bebé será examinado y, de ser necesario, recibirá tratamiento médico. Luego el bebé se entregará a un hogar preadoptivo.

### ¿Qué pasará con el padre/madre?

Una vez que los padres hayan entregado a su bebé en forma segura, serán libres de irse.

### ¿Por qué California hace esto?

La finalidad de la Ley de Entrega de Bebés Sin Peligro es proteger a los bebés del abandono por parte de sus padres y de la posibilidad de que mueran o sufran daños. Usted probablemente haya escuchado historias trágicas sobre bebés abandonados en basureros o en baños públicos. Es posible que los padres que cometieron estos actos hayan estado atravesando dificultades emocionales graves. Las madres pueden haber ocultado su embarazo, por temor a lo que pasaría si sus familias se enteraran. Abandonaron a sus recién nacidos porque tenían miedo y no tenían adónde recurrir para obtener ayuda. El abandono de un recién nacido lo pone en una situación de peligro extremo. Además es ilegal. Muy a menudo el abandono provoca la muerte del bebé. Ahora, gracias a la Ley de Entrega de Bebés Sin Peligro, esta tragedia ya no debe suceder nunca más en California.

### Historia de un bebé

A las 8:30 a.m. del jueves 25 de julio de 2002, se entregó un bebé recién nacido saludable en el St. Bernardine Medical Center en San Bernardino, en virtud de las disposiciones de la Ley de Entrega de Bebés Sin Peligro. Como lo establece la ley, la madre del bebé no se tuvo que identificar. Cuando el bebé llegó a la sala de emergencias, un pediatra lo revisó y determinó que el bebé estaba saludable y no tenía problemas. El bebé fue ubicado con una buena familia, mientras se iniciaban los trámites de adopción.
